Action Item 4.4

Topic: IncludEd Course Material Fee Recommendation

Strategic Direction: Goal 1, Objective 1 – Identify and remediate barriers to student access

Presented By: Dr. David Hellmich, Dr. Steve Nunez, and Melissa Dye

Presentation:

The College piloted the IncludEd program offered by Follett for the fall semester. One course for the fall semester was included in the program and five students opted in to have their course materials provided through the IncludEd program. The program is designed to leverage technology and partnerships that can significantly reduce the cost of course materials by incorporating them into the College's tuition and fee model, allowing student to access their digital course materials through Canvas. Therefore, students will have access to required course materials at the start of class with the hope to help student engagement and positive learning outcomes.

Below are the fees that will be attached to the course materials for the classes being offered for the spring semester.

Course	Price
GEO 122	\$74.51
HIS 132	\$54.95
HIS 221	\$59.95
HIS 222	\$59.95
PSY 211	\$65.75

Recommendation:

The administration recommends the Board approve the course material fees as presented for the spring semester.
