

**Sauk Valley Community College
September 27, 2021**

Action Item 4.4

Topic: **Protection, Health, and Safety Projects 2022**

College Health: **Metric 4 – College facilities and grounds are clean and updated. The campus is safe, secure, and welcoming.**

Presented By: **Dr. David Hellmich, Rich Groleau, and Kent Sorenson**

Presentation:

The Public Community College Act (110 ILCS 805/3-20.3.01) (the Act) provides for alterations or repairs determined by the local community college board to be necessary for health and safety, environmental protection, accessibility, or energy conservation purposes, such district may, by proper resolution which specifically identifies the project and which is adopted pursuant to the provisions of the Open Meetings Act, levy a tax for the purpose of paying for such alterations or repairs, or survey by a licensed architect or engineer, upon the equalized assessed value of all the taxable property of the district at a rate not to exceed .05% per year for a period sufficient to finance such alterations or repairs.

The attached projects have been identified by the administration and have been determined to be necessary for the health and safety, environmental protection, accessibility, or energy conservation purposes. The projects will be funded through local taxes levied and such proceeds will be restricted for the purpose of completing these projects or future projects meeting the requirements of the Act. The College has levied at or near the maximum five cents per \$100 for this fund for a number of years.

Recommendation:

The administration recommends the Board adopt the attached resolution to approve protection, health, and safety projects.

**RESOLUTION TO APPROVE
PROTECTION, HEALTH AND SAFETY PROJECTS**

WHEREAS, pursuant to the Public Community College Act (110 ILCS 805/3-20.3.01) (the Act), Community College District No. 506, Counties of Whiteside, Lee, Carroll, Ogle, Bureau and Henry, and State of Illinois (Sauk Valley Community College or the College) is authorized to complete alterations or repairs determined by its Board of Trustees to be necessary for health and safety, environmental protection, accessibility or energy conservation purposes; and,

WHEREAS, the projects at the College meet the definition of alteration or repair, as defined in the Illinois Administrative Code (23 Ill. Adm. 1501.601); and

WHEREAS, the facility described by the projects set forth are owned by the College; and

WHEREAS, the projects recommended for repair and alteration are:

2022 Toilet Rooms Abatement Project	\$73,500
2022 Toilet Rooms Renovation Project	\$826,500, and

WHEREAS, the Board has received a certified estimate by a licensed architect or engineer; and

NOW, BE IT RESOLVED by the Board of Trustees of Community College District No. 506, Counties of Whiteside, Lee, Carroll, Ogle, Bureau and Henry, and State of Illinois, as follows:

1. The recitals set forth above are incorporated herein and made a part hereof; and
2. The physical facilities described in the projects set forth above requires alteration or repair and is necessary to remove a health or safety hazard to the students, employees or visitors of the College; and
3. There are not sufficient funds available in the Operations and Maintenance Fund of the College to complete the projects set forth above; and
4. The Board approves the completion of the Protection, Health and Safety projects described below:

2022 Toilet Rooms Abatement Project	\$73,500
2022 Toilet Rooms Renovation Project	\$826,500, and

5. The projects set forth above meet the eligibility to be funded through a protection, health and safety tax levy; and

6. College Administration is authorized to execute all documents, and to take all actions necessary, for approval and completion of these projects consistent with the Public Community College Act (110 ILCS 805/3-20.3.01) the Illinois Administrative Code (23 Ill. Adm. 1501.608 through 1501.609).

ADOPTION: This 27th day of September, 2021

BOARD OF TRUSTEES OF SAUK VALLEY COMMUNITY COLLEGE DISTRICT NO. 506, COUNTIES OF WHITESIDE, LEE, OGLE, HENRY, BUREAU, AND CARROLL, AND THE STATE OF ILLINOIS (THE "DISTRICT").

Chairman, Board of Trustees, Sauk Valley
Community College District No. 506,
Counties of Whiteside, Lee, Ogle, Henry
Bureau, and Carroll, and State of Illinois

Secretary, Board of Trustees, Sauk Valley
Community College District No. 506,
Counties of Whiteside, Lee, Ogle, Henry
Bureau, and Carroll, and State of Illinois

Project Name/Description
Project Costs
Contract 1 - 2022 Toilet Rooms Abatement Project

Programmatic Justification:

In the portion of the College west of the Dillon Mall area there are currently one set of Female and one set of Male toilet rooms designated for general building use on the first, second and third floors. The Female toilet rooms are at the west end near the West Mall Entrance and the Male toilet rooms at the east end near the Dillon Mall area. These toilet rooms are aligned vertically (aka "a toilet room bank") on each floor and separated horizontally by approximately 300 feet. These toilet rooms consist of original construction components (circa 1965) and contain asbestos in the flooring, walls, ceilings and pipe fitting insulation. The intent of this project is to be Phase 1 of a two-phase project to abate the asbestos containing materials from one of the two vertical toilet room banks. It is anticipated that Phase 2 of the abatement work (at the remaining vertical toilet room bank) will be completed in the following year.

Project Costs	\$	42,000
Contingency		7,750
A/E Fees and Air Monitoring		23,750
Total	\$	73,500

PHS Amount	\$	73,500
------------	----	--------

Scope of Work:

This project will remove the existing asbestos containing materials from one of the two vertical toilet room banks in the portion of the College west of the Dillon Mall area which will result in a shell space that will need to be reconstructed to provide required toilet room facilities.

Contract 2 - 2022 Toilet Rooms Renovation Project

Programmatic Justification:

In the portion of the College west of the Dillon Mall area there are currently one set of Female and one set of Male toilet rooms designated for general building use on the first, second and third floors. The Female toilet rooms are at the west end near the West Mall Entrance and the Male toilet rooms at the east end near the Dillon Mall area. These toilet rooms are aligned vertically (aka "a toilet room bank") on each floor and separated horizontally by approximately 300 feet. Following the abatement of asbestos containing materials from each vertical toilet room bank the toilet rooms will be only a shell of a space and will need to be reconstructed. The existing plumbing piping servicing these toilet rooms is of original construction (circa 1965) also and has experienced failures exposing potential unsanitary conditions. In addition, these toilet rooms are currently not sprinklered for fire protection and due to their non-centralized locations, the travel distances to these toilets can be lengthy for building occupants. This project seeks to provide required toilet room facilities with improved plumbing piping and sprinkler systems as well as transforming each gender designated toilet room into a series of gender-neutral toilet rooms to ease travel distances and provide better facility accommodations for all building occupants.

Project Costs	\$	670,000
Contingency		75,000
A/E Fees		81,500
Total	\$	826,500

PHS Amount	\$	826,500
------------	----	---------

Scope of Work:

This project will reconstruct (within the shell left after abatement of each gender designated toilet room) a series of gender-neutral toilet rooms with new plumbing fixtures, new plumbing piping, new exhaust and ventilation systems, new lighting systems, new sprinkler system and new finishes. Each current single gender designated toilet room (2 per floor for 3 floors = 6 total) will be converted into a bank of 6 gender-neutral toilet rooms (2x6 per floor for 3 floors = 36 total).
