Agenda Item 4.9

Topic: Disposal of Obsolete Equipment

College Health Metric: Campus Environment – College facilities and grounds are clean and updated; the campus is safe, secure, and welcoming.

Presented By: Dr. David Hellmich and Dr. Lori Cortez

Presentation:

The Economic Development Task Force will be opening a Career Closet on campus so students can have access to the attire they need for job interviews and professional professions. The space on campus that is ideal for the Career Closet is currently occupied by obsolete pianos and keyboards that have not been in use for many years. These pianos and keyboards are in addition to the four pianos and keyboards that are currently available for practice or performance.

Recommendation:

The administration recommends the Board approve the pianos and keyboards as obsolete to be disposed of in a manner appropriate to the condition of the equipment.
