- # The AES does not include the entire general education core curriculum. Students who earn an AES degree will complete additional general education courses after transfer and must complete the general education requirements of their selected transfer university.
- * A total of 6-9 hours of approved courses is required in the Humanities/Fine Arts and Social/Behavioral Sciences general education categories. Six hours requires a substitution form. See an SVCC academic advisor.
- ** Suggested Engineering Speciality courses; students may select other approved courses in this area.
- { } Lab optional but highly recommended.
- Important Note for UIUC transfer students: Completion of foreign language either in college and/or high school is required for UIUC graduation -- see an SVCC academic advisor for specific requirements.
- *** Minimum of 64 credit hours to complete the AES degree
